TASK 6.14 group work

[LO 3; AS 3.5]

Some suggestions

- The owner needs to investigate why there is a shortage
- He needs to determine a set amount of petty cash for each month – the imprest system should be used.
- Axel should authorise each payment – a petty cash voucher system needs to be introduced.
- Susan must only make payments on presentation of the authorised voucher. She must also sign the voucher.
- Unauthorised personnel should not be allowed to open the petty cash box.
- Any other suitable suggestions.
